Dear Sir,

**REQUEST FOR the MEDICAL EQUIPMENTS AND SUPPLIES –  
PROJECT COMMUNITY WORK**

For the past two [2] years, our Organization, Viti Spinal Injuries Association of Fiji [VSIAF] has been working in partnership with the Fiji Association of South Australia [FASA], Ministry Of Health [MoH], Williams & Gosling Ltd [W&G] and dedicated volunteers to provide community based services to Spinal Cord Injury people and those physically challenged.

Also assisted are Medical Health Centres within our Project Areas providing much needed equipment.

- I am writing to request your support in the form of providing much needed Medical Equipment and Supplies.
- As you are aware, meeting the needs of people who needs assistance requires partnerships combined with the hard work of dedicated volunteers. After the success of “Project Rewa” we moved on and stayed focused on our Community Service Projects.

- To date, we have completed our “Project Makoi”. “Project Valelevu” will soon complete, having only one [1] territory to visit. We are committed to building on these accomplishments to improve the quality of life in the greater Suva area.
- We have completed compiling our wish list [attached] according to analysis from our 1<sup>st</sup> phase data collecting exercise.
- Similar services have been provided on a ‘case by case basis’ at Labasa.

Figure 5- Selina with a stroke recipient – Ms Bimla Wati

Figure 6&7[above] - A wheelchair for Mr Semi Naulu who has his lower right leg – below knee amputated.

Thanking you in advance for your consideration and continued support.

Sincerely,

for Paul McGoan [Mr.]

**President - Viti Spinal Injury Association of Fiji.**

cc. Gus Raddock – Coordinator – FASA
